Instantaneous water heater 27kW/400V DEL 27 Plus energy efficiency class A, energy efficiency class spectrum A+ to F, material of the pressure vessel plastic, nominal capacity 0.4l, max. permissible operating pressure 10bar, nominal power 27kW, nominal voltage 1,380V, nominal voltage 2,400V, manual operation, digital temperature display, With display, mounting type above/under the table, electronic output control, connected load 27 ... 27kW, bare wire heating system, electronic safety shutdown, protection class (IP) IP25, connection for cold drinking water external thread, nominal inside diameter of cold drinking water 1/2 inch (15), pipe outside diameter of cold drinking water 21.5mm, connection hot water external thread, nominal inside diameter hot water connection 1/2 inch (15), pipe outside diameter hot drinking water 21.5mm, suitable for plastic pipe, suitable for preheated water, type of control electronically, height 466mm, width 225mm, depth 116mm, weight 3, 1kg, APPLICATION: DEL Plus for individual and group care. Pressure-resistant device for pressure fittings. EQUIPMENT: Electronically controlled with 3i technology. Precise degree desired temperature up to maximum performance. Temperature selection from 20 - 60 °C via rotary selector, temperature adjustment in the shower area (35 °C - 43 °C) in 0.5 °C increments. Backlit multifunction display for showing the target temperature, current power consumption, status and service display. 2 memory buttons, selectable, 3-stage ECO mode. Danger of scalding indicator (>43°C). Adjustable temperature limit. Rotatable device cap and operating unit for mounting under the table. EFFICIENCY: Saves up to 30% energy and water through electronic power control. Maximum energy efficiency. Suitable for preheated water up to 70 °C. PROFI-RAPID INSTALLATION: Quick and easy installation. Easy replacement with all common instantaneous water heaters. Universal wall mounting bar. Water connection for exposed and concealed installation with 3-way shut-off. Swiveling cold water inlet. ECO mode replaces static flow limiter. Suitable for plastic pipes. Variable electrical connection (top/bottom). Selectable power (18/21/24 KW). IP 25. SERVICE: Error analysis through readable error memory in the display and LED diagnostic light. Inner assembly removable. SAFETY: Bare wire heating system for calcareous and low-lime water. Electronic safety concept with air bubble detection. Permanent protection against scalding can be activated at max. 43, 50 or 55 °C.

### YOUR ADVANTAGES

**WORLDWIDE TRADE**  
*Corporate video eibmarkt®*

**99% CUSTOMER SATISFACTION**  
*> 500,000 customers worldwide*

**DHL TRACK & TRACE**  
*Shipment tracking*

**COMPLAINTS HANDLING**  
*Obliging and 100% safely*

**25 YEARS OF EXPERIENCE**  
*In worldwide mail order*

**ORDER LIVE CHAT**  
*With order history*

**SHORT DELIVERY TIME**  
*Warehousing*

**REFUND**  
*Within 14 days*

\* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

\*\* Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

\*\*\* Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler at a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
