 **15-16 days* (CHN)**

PV housing for inverter with 2 MPP trackers VG-BCPV900K 22 lightning surge current (10/350 μ s) 7kA, max. PV voltage 900V, protection level 3kV, max pre-assembled in the housing, size other, signaling on the device optically, test class type 1 and 2, blow-out, system solution for lightning current and surge protection of PV inverters with 2 separate inputs (MPP tracker) pre-assembled in the housing ready for connection. The arresters with error-resistant Y-circuit with 3 varistors for use in accordance with VDE 0100-712, pluggable with dynamic disconnection device and optical function display are characterized by a low DC protection level < 3.0 kV. The housing including cable gland set, with protection class IP66, made of polycarbonate is UV-resistant and suitable for outdoor use. 4 terminal points up to 6 mm² are already pre-installed per protective device. The simple, quick and safe connection of the DC cables via the feed-through terminal blocks enables optimal protection from the electrical inverter. The protective devices must be selected according to the maximum total open-circuit voltage (Uoc) of the PV string. If there is a risk of condensation forming due to wind, ice, temperature or sun, additional measures may be necessary!

YOUR ADVANTAGES

 **WORLDWIDE TRADE**
 Corporate video eibmarkt®

 **COMPLAINTS HANDLING**
 Obliging and 100% safely

 **SHORT DELIVERY TIME**
 Warehousing

 **99% CUSTOMER SATISFACTION**
 > 500,000 customers worldwide

 **25 YEARS OF EXPERIENCE**
 In worldwide mail order

 **REFUND**
 Within 14 days

 **DHL TRACK & TRACE**
 Shipment tracking

 **ORDER LIVE CHAT**
 With order history

 **DATA PROTECTION**
 Guarantee
