Housing for command devices 3SU1802-0AB00-2AB1 Number of command points 2, number of pushbuttons 2, number of indicator lights 0, number of key switches 0, number of selector switches 0, number of mushroom buttons 0, rated control supply voltage Us at AC 50 Hz 5 ... 500V , Rated control supply voltage Us at AC 60 Hz 5 ... 500V, Rated control supply voltage Us at DC 5 ... 500V, color of the upper part of the housing gray, material of the housing plastic, number of contacts as normally open 1, number of contacts as normally closed 1, number of contacts as changeover contact 0, protection class (IP) IP67/IP69K, protection class (NEMA) 13, housing for control devices, 22 mm, round, housing material plastic, housing upper part gray, 2 command points plastic, B = pushbutton green, label: I, 1S, screw connection, A=Pushbutton red, label: O, 1Ö, screw connection, floor mounting, top and bottom 1xM20 each, labels included SIRIUS ACT housing for mounting the 22.5 mm command and signaling devices with spatially separated arrangement of control units and control cabinets. Under the brand name SIRIUS ACT, Siemens offers a unique portfolio of command and signaling devices with worldwide product approvals in four modern design series made of robust real metal and high-quality plastic. The innovative snap-on concept simplifies assembly so much that only one hand and no special tools are required. Groove-free holes are sufficient as mounting holes, as 100% anti-twist protection is already integrated. Thanks to the consistently high protection class, the robust devices are suitable for industrial use and outdoor use. Even cleaning with a high-pressure jet is possible. Neither dust, oils nor aggressive alkalis can disrupt reliable operation. In addition to standard wiring, the devices can also be connected to the controller via PROFINET, AS-Interface or IO-Link. This means you can reduce your wiring effort, minimize sources of error and gain more flexibility. The graphical online configurator provides convenient support when selecting and ordering individual devices, housings and labels. Extensive documentation (e.g. manual, 3D data, connection diagram) is available. Available versions: yellow/grey, plastic/metal, 1-6 command points, empty housing/pre-equipped, optionally with AS-Interface connection. SIRIUS ACT - Performance in Action when commanding and reporting. Simply assembled, simply strong, simply perfect.
