Bell transformer RK3U 4-8-12V/2A primary voltage 230V, secondary voltage 1 4V, secondary voltage 2 8V, secondary voltage 3 12V, secondary current 1 2A, secondary current 2 1.3A, secondary current 3 0.6A, max. output power 36W, max. output current 3A, Max. power loss 11W, type of transformer: standard bell transformer, suitable for surface mounting, suitable for series installation, length 53mm, width 53mm, height 90mm, width in modular units 3, short-circuit-proof, temperature protection, cross-system components are suitable for both the SI surge system and the Dupline bus system. Compatible output signals (e.g. 24 V DC or potential-free relays) also allow these components to be used for other automation systems. Otherwise, these devices work completely independently. Bell transformers generate the output voltage for door signal systems such as bells, buzzers or gongs. These short-circuit-proof, tested and certified transformers convert the 230 V mains voltage into safety extra-low voltage. Properties: short-circuit proof by PTC, tested according to EN 61558, certified by VDE and KEMA, marked with ENEC symbol for use throughout Europe, type of installation: quick mounting on DIN rail, installation position is optional, areas of application: bell transformers of the RK series are used for the AC power supply of e.g. B. Bell systems. Locking systems and relay circuits used. Notes: After a short circuit, the system must be put back into operation by briefly disconnecting the primary side. The output voltage may increase when the load is low or when there is no load. only for short-term loads, for continuous loads we recommend the use of safety transformers.

YOUR ADVANTAGES

WORLDWIDE TRADE
Corporate video eibmarkt®

99% CUSTOMER SATISFACTION
> 500,000 customers worldwide

DHL TRACK & TRACE
Shipment tracking

COMPLAINTS HANDLING
Obliging and 100% safely

25 YEARS OF EXPERIENCE
In worldwide mail order

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).
** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.
*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
