Bolt anchor BZ-IG V SET M12x86 BZ-IG M 12-0 thread type metric, thread size (metric) 12, sleeve length 86mm, bolt anchor BZ-IG with internal thread for anchoring medium-heavy to heavy loads, both in cracked and non-cracked concrete. It combines high permissible loads with small edge and axis distances. An undercut of the drilled holes is not necessary. In addition to hexagon head screws, the component can also be fastened with countersunk screws and a system of nuts and washers and a commercially available threaded rod. European Technical Approval ETA-99/0010, including characteristic values under the effects of fire up to a fire resistance period of R 120. Shock approval from the Federal Office for Civil Protection, Bern, Switzerland.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
