Safety relay 10Fct 2Kreie 2S 1T XPSUS12AC Basic device version, Suitable for monitoring position switches, Suitable for monitoring EMERGENCY STOP circuits, Suitable for monitoring optoelectronic protective devices, Suitable for monitoring magnetic switches, Suitable for monitoring proximity switches, Design of the electrical connection Spring-loaded connection, DIN rail mounting possible, Rated control supply voltage Us at AC 50 Hz 24 ... 24V, Rated control supply voltage Us at AC 60 Hz 24 ... 24V, Rated control supply voltage Us at DC 24 ... 24V, Type of voltage for actuation AC/DC, With removable terminals, Evaluation of Two-channel inputs, with start input, with feedback loop, release delay 0s, number of outputs, safety-related, instantaneous, contact-based 2, number of outputs, safety-related, delayed, contact-based 0, number of outputs, safety-related, instantaneous, semiconductor 0, number of outputs, safety-related ight, delayed, semiconductor 0, number of outputs, signaling function, instantaneous, contact-based 0, number of outputs, signaling function, delayed, contact-based 0, number of outputs, signaling function, instantaneous, semiconductor 0, number of outputs, signaling function, delayed, semiconductor 0, stop category according to IEC 60204 0, performance level according to EN ISO 13849-1 Level e, SIL according to IEC 61508 3, with TÜV approval, with UL approval, Width 22.5mm, height 100mm, depth 120mm, Safety relay Preventa XPS Universal. Multifunctional safety relay for a wide range of safety applications thanks to the selectable safety function and start option using the rotary switch on the front, as well as diagnostic communication with the PLC. Suitable for emergency stop contacts, position or magnetic switches, two-hand operation IIIA/C, enabling switches, electronic PNP sensors, light curtains, RFID switches with OSSD outputs. Selectable start function automatic, manual or monitored start, as well as start-up test. Number of safety circuits 2 (redundant) - selectable safety function 1 from 10. Outputs safe relay 2S - diagnosis 1T. Clocked output transmits comprehensive diagnostic data to the PLC at the standard input and evaluation via FB. Safety level PL e, cat. 4, SIL3. Supply voltage 24 VAC/DC. Connections removable spring terminals. Lateral connector for direct connection of contact expansion without wiring.

YOUR ADVANTAGES

WORLDWIDE TRADE
Corporate video eibmarkt®

99% CUSTOMER SATISFACTION
> 500,000 customers worldwide

DHL TRACK & TRACE
Shipment tracking

COMPLAINTS HANDLING
Obliging and 100% safely

25 YEARS OF EXPERIENCE
In worldwide mail order

ORDER LIVE CHAT
With order history

SHORT DELIVERY TIME
Warehousing

REFUND
Within 14 days

DATA PROTECTION
Guarantee

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
