Universal dimmer insert MEG5171-0000 compilation of basic element, operating mode other, dimming leading edge, dimming trailing edge, load type universal, extension input, light value memory, can be used with button, can be used with motion detector, can be used with presence detector, can be used with time switch/timer, can be used with radio button, can be used with IR button, type of installation flush-mounted, type of attachment claw/screw attachment, material other, material quality other, halogen-free, surface other, color other, suitable for degree of protection (IP) IP20, nominal voltage 220 ... 230V, frequency 50 ... 60Hz, Rated power 50 ... 420VA, connection type screw terminal, core cross-section 2.5 ... 2.5mm², device width 73mm, device height 73mm, device depth 28mm, min. depth of device socket 46mm, for ohmic, inductive or capacitive loads, e.g. B. incandescent lamps, dimmable LED lamps, dimmable wound transformers or dimmable electronic transformers. (Leading or trailing edge). The universal dimmer automatically recognizes the connected load. Do not connect mixed loads. With claw and screw fastening. With screw terminals. Functions: -Switching and dimming of one output. The way in which the function of the insert is used is determined by the module. External control via a PlusLink input. Overload and short-circuit proof. soft start. memory function. Rated voltage: AC 220/230 V, 50/60 Hz. Connection cross-section: max. 2x2.5 mm². Protection: 16 A circuit breaker. Neutral conductor: not required. Switching capacity with button module Basic and Comfort: LED lamps: 7-210 W (trailing edge). 7-50 W (leading edge). Incandescent lamps: 10-420 W. Halogen lamps: 10-420 W (230 V). 30-420 VA (NV with dimmable wound transformer). 10-420 VA (NV with dimmable electronic transformer). Switching capacity with Comfort Plus button module, Wiser button module, control knob, timer, Argus: LED lamps: 14-210 W (trailing edge). 14-50 W (leading edge), RL LED mode can only be set via the Wiser Room App and from dimmer insert version 0B. Incandescent lamps: 20-420 W. Halogen lamps: 20-420 W (230 V). 40-420 VA (NV with dimmable wound transformer). 20-420 VA (NV with dimmable electronic transformer). To be completed with: Basic button module, 1-fold system M MEG5110-0300, System Design MEG5110-60xx Basic button module, 2-fold system M MEG5120-0300, System Design MEG5120-60xx Comfort button module, 1-fold system M MEG5111-0300, . System design MEG5111-60xx button module Comfort, 2-fold system M MEG5121-0300, System design MEG5121-60xx button module Comfort Plus with IR, 1-fold system M MEG5112-0300. Button...
