Cable tray with connector 60x100mm RKSM 610 FS height 60mm, width 100mm, material thickness 0.75mm, length 3050mm, usable cross-section 5800mm<sup>2</sup>, side perforation, mounting perforation in the base, version with integrated connector, suitable for functional integrity, material steel, material quality other, surface strip galvanized, colour without, The rational cable tray system Magic (RKSM) is the world's first completely screwless tray system. The RKSM has a beaded longitudinal base perforation 7 x 20 mm for bracket mounting. From a width of 200 mm, a cross beading 7 x 32 mm improves cable ventilation and facilitates assembly. The 11 mm center hole enables direct threaded rod suspension and a continuous 7 x 20 mm side hole serves as a connector hole. All system components and channel types are equipped with the innovative Magic plug-in connection, from the channel to the molded part. The combination of both advantages makes installation easier and more time-saving. The continuous equipotential bonding is guaranteed without additional components. The Magic straight connector set (to be ordered separately) enables the Magic cable trays to be combined with conventional OBO cable trays of the same width. The magnetic shielding attenuation is 20 dB without a cover and 50 dB with a cover. Tested and approved in function maintenance systems of classes E30 to E90 according to DIN 4102 Part 12. You can find installation variants and approval data in the proofs of usability.

**YOUR ADVANTAGES**

\* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

\*\* Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

\*\*\* Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
