Coupling module 750-628 Supply voltage at DC 24... 24V Type of supply voltage DC Number of HW interfaces Industrial Ethernet 0 Number of interfaces PROFINET 0 Number of HW interfaces serial RS-232 0 Number of HW Interfaces serial RS-422 0, number of HW interfaces serial RS-485 0, number of HW interfaces serial TTY 0, number of HW interfaces parallel 0, number of HW interfaces wireless 0, number of HW interfaces USB 0, Number of HW interfaces other 2, Supports protocol for other bus systems, System component, Degree of protection (IP) IP20, Design of the electrical connection spring-loaded connection, Suitable as a segment module, Fieldbus connection possible via separate bus coupler, DIN rail mounting possible, Explosion protection category for gas without, explosion protection - Category for dust without, width 25mm, height 65mm, depth 100mm, The coupler terminal for terminal bus extension replaces the fieldbus coupler/controller on one bus terminal block. The connection cable is plugged into the upper RJ-45 socket and thus establishes the logical connection to the fieldbus coupler/controller via the end terminal. The extension is completely transparent for the fieldbus coupler/controller. All functions of the Bus Terminal system remain unchanged. The lower RJ-45 socket allows the system to be extended further. The entire system can be expanded in 10 steps. The supply voltage for the field level and the internal electronics can be fed in separately. Both levels are thus galvanically isolated from each other. Two diagnostic LEDs provide information about the supply voltage for the respective bus terminal block (internal and field level). Two LEDs in the input socket indicate error-free communication with the bus coupler. The terminal can be used as the last coupler terminal in the system (switch on the terminating resistor) or as a bridge between two bus terminal blocks.

### YOUR ADVANTAGES

**WORLDWIDE TRADE**  
Corporate video eibmarkt®

**99% CUSTOMER SATISFACTION**  
> 500,000 customers worldwide

**DHL TRACK & TRACE**  
Shipment tracking

**COMPLAINTS HANDLING**  
Obliging and 100% safely

**25 YEARS OF EXPERIENCE**  
In worldwide mail order

**ORDER LIVE CHAT**  
With order history

**SHORT DELIVERY TIME**  
Warehousing

**REFUND**  
Within 14 days

**DATA PROTECTION**  
Guarantee

\* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

\*\* Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

\*\*\* Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler at a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
