Plastic Straight Pipe 20.0x17.1 rigid FPKu-EM-F 20 g Material polyvinyl chloride (PVC), flame-retardant version, rigid bending behavior, with socket, medium pressure resistance class (class 3), medium impact strength (class 3), flush-mounted, surface-mounted, surface-mounted Wood, Cavity wall, Suitable for concrete installation, machine and system installation, underfloor installation (screed), inner diameter 17.1mm, outer diameter 20mm, operating temperature -5 ... 60°C, color grey, RAL number 7035, FPKu-EM-F is a medium-sized straight length plastic conduit made of PVC, non-flame propagating, in lengths of 3m, with a sleeve molded on one side. This straight length plastic conduit is used for all standard surface-mounted applications, especially for surface-mounted installation in industrial and plant construction. The advantages lie in the medium pressure and high impact resistance. Due to the high corrosion resistance, the pipe is also resistant to aggressive substances. VDE 0605 DIN EN 61386-21 Minimum compressive strength: 750N/5cm

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
