Wall storage tank ws 80L white HFA-Z 80 energy efficiency class C, energy efficiency class spectrum A to G, material of the boiler steel, material jacket steel, volume of the container 80l, nominal power 6kW, connection voltage 230 ... 400V, three-phase version, frequency 50 Hz, hanging version, With off-peak mode, can be used with normal water pressure, warm-up time from 10 °C - 65 °C 48 min, tapping capacity at 60 °C, continuous operation 18 l/min, wall installation, vertical placement, temperature limitation, max. permissible operating pressure 6 bar, protective anode, height 975 mm, width 510mm, depth 510mm, cold drinking water connection male thread, nominal inside diameter cold drinking water 1/2 inch (15), pipe outside diameter cold drinking water 21.5mm, hot water connection male thread, nominal inside diameter hot water connection 1/2 inch (15), pipe outside diameter warm drinking water 21.5mm, connection Tap connection female thread, tap connection nominal inside diameter 1/2 inch (15), pipe outside diameter drain connection 21, 5mm, degree of protection (IP) IP24, energy efficiency hot water 36%, tapping profile M, hot water wall storage tank for any desired hot water supply. -Closed (pressure-resistant) to supply several tapping points. Installation also in connection with plastic pipe systems (observe manufacturer's information and application limits). -Open (non-pressurized) to supply a tapping point. - Boiler operation also possible. Steel inner container with special enamel and anti-corrosion rod, thermal insulation with low heat loss. Heating flange dual circuit/single circuit operation. The water content is kept at the set temperature depending on the controller (depending on the selected connection). When the boiler is in operation, the water content is heated once and the heating process must be switched on manually. Infinitely variable temperature setting from approx. 35 degrees C to approx. 82 degrees C possible. Automatic frost protection for single-circuit operation. Signal lamp for boiler operation and rapid heating (once by push button, remote control on site), exchangeable copper heating flange with drain connection. Installation with: Safety group KV 30 or KV 40 with a pressure-resistant connection or fitting for open devices with a non-pressurized connection. Quality and safety marks: VDE/GS mark, radio protection mark, IP 24 D (splash-proof)

### YOUR ADVANTAGES

**WORLDWIDE TRADE**

Corporate video eibmarkt®

**COMPLAINTS HANDLING**

Obliging and 100% safely

**SHORT DELIVERY TIME**

Warehousing

**99% CUSTOMER SATISFACTION**

&gt; 500,000 customers worldwide

**25 YEARS OF EXPERIENCE**

In worldwide mail order

**REFUND**

Within 14 days

**DHL TRACK & TRACE**
