15-16 days* (CHN)

Ground strap MBJ50-500-12 Conductor material copper, tinned, conductor nominal cross-section 50mm², conductor class class 5 = finely stranded, conductor shape flat, braid, line width approx. 28mm, line height approx. 2.5mm, Length 500mm, With Terminal Blocks, Terminal Lug Drilled, With Cable Lugs, MBJ Grounding and Bonding Stranded Wires are a reliable and convenient grounding solution for applications that require flexibility and durability. The stranded tinned copper strands with solid lugs are ready to install with no additional cutting, stripping, crimping or stamping and require no addition of tin or ferrules. The proprietary manufacturing process optimizes the electrical contact between each wire, helping to eliminate moisture problems in the palms of the hands, preventing corrosion and extending the life of the braid.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).
** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.
*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
