NH fuse link size 000,160A,400VAC 3NA3836-8 size NH000, rated current 160A, rated voltage 400V, type of voltage AC/DC, rated breaking capacity 120kA, operational class gL/gG (full-range line protection/full-range device protection), design indicator front indicator, NH- Fuse link, NH000, In: 160 A, gG, Un AC: 400 V, Un DC: 250 V, front indicator, live grip lugs NH fuse system 3NA, 3ND for selective line and system protection. The LV HRC fuse system from Siemens, as an important part of the SENTRON protective components for electrical installations, offers people effective device and system protection through safe shutdown in the event of an overload or short circuit. Compared to miniature circuit breakers, higher short-circuit currents can be implemented with better current limitation at the same time. The main features of the NH fuse system are: 1. Combination detectors signal that the fuse has been switched off by a clear color change from red to white. 2. More safety when changing thanks to insulated grip tabs. 3. High selectivity at low cost. 4. Long-term and safe operation due to silver-plated contact blades. 5. Fuse links from 2A to 1250A and available in sizes 000, 00, 0, 1, 2, 3, 4 and 4a. For the safe, efficient electrical infrastructure in buildings and industry, Siemens offers an integrated portfolio of protective, switching, measuring and monitoring devices, distribution boards, switches and socket outlets.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).
** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.
*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
