Lightning arrester set with function display. MCD 50-B 3+1-OS lightning impulse current (10/350 μ s) 125kA, nominal discharge current (8/20) 125kA, maximum continuous voltage AC 255V, nominal voltage AC 230V, protection level 1.3kV, follow current extinguishing capability 25kA, mounting type DIN rail TH35, size 8 TE, Optical signaling on the device, test class type 1, Coordinated Lightning Controller set with function display Pluggable lightning arrester 3+NPE for 230/400V networks. SPD according to EN 61643-11: Type 1+2 SPD according to IEC 61643-11: class I+II Can be used in network form: High-performance spark gap technology Highest continuous voltage: 255V Impulse current (10/350): 50 Protection level: < 1.7 Signaling on the device: optical short-circuit resistance: 10 remote signaling contact: no module width TE (17.5 mm): 8 blowing out: no type: MCD 50-B 3+1-OS item no.: 5096836

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
