Rivet setting tool orange HTWD-RT6, suitable for=nails, operation=hand, optimal tool for setting the HTWD-R4 or HTWD-R6 expanding rivets quickly and safely. Stable and robust tool for fatigue-free work. Also suitable for high channels and inaccessible places. Color coding for easy assignment of the appropriate expansion rivets. These tools are very useful for fixing wiring ducts with the HTWD-R4 and HTWD-R6 split rivets. Fastening with conventional screws is far more complex.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
