Stripping pliers, automatic Z57000106SB Stripping area, cross-section 0.03 ... 16mm<sup>2</sup>, stripping area AWG 32 ... 5, longitudinal cut, Using the cutting function, cables can be cut to the required length. In addition, the integrated hand guard on the cutting edge prevents injuries and, thanks to the automatic locking function, prevents any cables in the cable harness from being accidentally damaged. The adjustable length stop also enables precise work. Furthermore, the stripping pliers are characterized by particularly low-noise working. In order to reduce the kickback when stripping large cable cross-sections from 6mm<sup>2</sup> and to protect the wrists, the enclosed damper can be used in the pliers. Furthermore, the replacement knives and replacement aids contained in the handle are immediately to hand. After locking the handles, the stripping pliers are space-saving and securely locked, making them ideal for mobile use.
