Installation contactor 20A, 2S 5TT5800-0 rated operational voltage 250...250V, rated operational current 20A, utilization category 3, rated actuating voltage 230...230V, type of voltage of the operating voltage AC, type of voltage of the actuating voltage AC, number of contacts as NO contact 2, number of contacts as NC contact 0, Max. incandescent lamp load 1000W, number of pitch units 1, installation depth 0mm, additional equipment possible, degree of protection (IP) IP20, INSTA contactor with 2 NO contacts, contact for AC 230V, 400V 20A control AC 230V Siemens switching devices for applications in residential buildings and industrial applications. The innovative switching devices from Siemens are an important part of the SENTRON components for the electrical installation. With the remote switches, switching relays, Insta contactors and timers, they offer numerous options for implementing various switching functions. Whether for residential construction, infrastructure or industrial applications, Siemens offers the right portfolio for all switching functions. So you have the right device for every requirement! The switching devices from Siemens are primarily characterized by: 1. Convenient and simple installation and connection technology. 2. Reliable safety during installation thanks to standard contact protection. 3. Extensive and easily mountable accessories. 4. Optimum technology for your safety - only from Siemens. For the safe, efficient electrical infrastructure in buildings and industry, Siemens offers an integrated portfolio of protective switching, measuring and monitoring devices, distribution systems, switches and socket outlets.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
