Coupling relay 1S 6A/250V AC KR09-230V partially electronic function, DIN rail mounting type, width in pitch units 0.5, installation depth 55mm, number of contacts as NO contact 1, number of contacts as NC contact 0, number of contacts as changeover contact 0, control voltage 1 230 ... 230V, control voltage type 1 AC, control voltage frequency 1 50 ... 50Hz, rated current 6A, max. incandescent lamp load 500W, max. fluorescent lamp load 600VA, max. fluorescent lamp load (duo circuit) 600VA, max. fluorescent lamp load (parallel compensated) 300VA, max. switching current (cos phi = 0.6) 2A, coupling relay. No standby loss. The latest hybrid technology combines the advantages of wear-free electronic control with the high performance of special relays. Control display with LED. Control power requirement only 0.2W. Safe separation according to VDE 0106, Part 101, therefore can also be used as a coupling relay.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
