Speed monitor DRIW-E16 230VAC 22.5 Design of the electrical connection screw connection, rated control supply voltage  $U_s$  at AC 50 Hz 230 ... 230V, type of voltage for actuation AC, evaluation of the inputs single-channel, speed monitoring function, standstill monitoring function, operating frequency 2 ... 70Hz, number of outputs, safety-related, instantaneous, contact-based 0, number of outputs, safety-related, delayed, contact-based 0, number of outputs, safety-related, instantaneous, semiconductor 0, number of outputs, safety-related, delayed, semiconductor 0, number of outputs, signaling function, instantaneous, contact-based 2, number of outputs, signaling function, delayed, contact-based 0, number of outputs, signaling function, undelayed, semiconductor 0, number of outputs, signaling function, delayed, semiconductor 0, SIL according to IEC 61508 without, width 22.5mm, height 60mm, depth 60mm, The speed and V-belt monitor is used to monitor rotary movements  $g$  (underspeeds) on motor or belt driven shafts. Inductive proximity switches are used to record the speed. The impulse generation at the sensor occurs without contact by means of switching cams, gear wheels, segment discs, metallic signal flags or similar. When the operating voltage is applied, the relay picks up. The monitoring function is started via the power contactor of the drive at terminals E1 and E2 after the start-up delay has elapsed. If the drive falls below the switch-off speed, the relay drops out. The error message of the speed and V-belt monitor is reset by resetting or switching off the operating voltage.

### YOUR ADVANTAGES

**WORLDWIDE TRADE**  
Corporate video eibmarkt®

**99% CUSTOMER SATISFACTION**  
> 500,000 customers worldwide

**DHL TRACK & TRACE**  
Shipment tracking

**COMPLAINTS HANDLING**  
Obliging and 100% safely

**25 YEARS OF EXPERIENCE**  
In worldwide mail order

**ORDER LIVE CHAT**  
With order history

**SHORT DELIVERY TIME**  
Warehousing

**REFUND**  
Within 14 days

**DATA PROTECTION**  
Guarantee

\* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

\*\* Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

\*\*\* Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
